

Medical Issues**R96-1-01****Referral of Occupational Disease Claimants for Medical Specialists Examination
February 26, 1996**

WHEREAS, pursuant to Section 4121.03(F) of the Ohio Revised Code, the Industrial Commission is responsible for the establishment of the adjudicatory policy under this chapter and Chapters 4123., 4127., and 4131. of the Ohio Revised Code; and

WHEREAS, pursuant to the provisions of Section 4123.68 of the Ohio Revised Code, before awarding compensation for disability or death due to silicosis, asbestosis, coal miners pneumoconiosis, or any other occupational disease of the respiratory tract resulting from injurious exposure to dust, the Administrator is to refer the claim to a qualified medical specialist for examination and recommendation with regard to diagnosis, extent of disability, or other medical questions connected with the claim; and

WHEREAS, questions have arisen regarding the nature of the medical evidence necessary in order to be submitted by the claimant pursuing a claim for an occupational disease of the respiratory tract resulting from injurious exposure to dust, under the provisions of Section 4123.68 of the Ohio Revised Code, prior to the referral of the claim to the Administrator for an examination by a qualified medical specialist.

THEREFORE BE IT RESOLVED that it is the policy of the Industrial Commission that at a minimum the following evidence is necessary to be submitted by the claimant prior to the referral of the claim to the Administrator for an examination by a qualified medical specialist pursuant to the provisions of Section 4123.68 concerning claims for occupational diseases of the respiratory tract resulting from injurious exposure to dust:

- A written interpretation of x-rays by a certified "B reader."
- Pulmonary functions studies and interpretation by a licensed physician.
- An opinion of causal relationship by a licensed physician.
